U. S. Cashier Company

Loses Case On Appeal

San Francisco, Nov. 6.—Conviction of the officers and directors of the United States Cashier company on charges of using the mails to defraud in the sale of stock in the corporation on the guarantee of certain patents held, was sustained by the United States circuit court of appeals in a decision handed down today.

Frank Menefee, president; Oscar Campbell, vice-president; B. E. Bonnell and H. M. Todd, directors, were convicted in the lower court.

The corporation had its principal place of business in Portland, Oregon.

New York Central

to Build Many Cars

Columbus, Ohio, Nov. 6.—The New York Central railroad today uncovered plans for the financing of improvements to total \$19,995,000 when they sought authority of the state utilities commissioners to issue \$12,000,000 in trust certificates.

Initial expenses to be covered in part by the issue are the purchases of four thousand box cars, three thousand all steel freight cars, ten electric locomotives, 100 steel passenger cars, 100 steel baggage cars and thirty multiple unit cars.

CAST FIRST VOTE

Newberg, Or., Nov. 6.—Mrs. Mary Jane Heater, age 87, who came to Oregon in 1850 and settled on a government donation claim, where she still lives, will cast her first vote tomorrow.

HOW GOOD THAT MUSTEROLE FEELS!

It Gets to That Sore Spot Like Magic

A-h-h! That's delicious relief for those sore muscles, those stiff joints, that lame back.

Musterole is a clean, white ointment, made with the oil of mustard and other home simples.

It does the work of the old-fashioned mustard plaster, minus the plaster and minus the blister!

You simply rub Musterole on the spot where the pain is—rub it on briskly—and usually the pain is gone.

No muss, no bother. Just comforting, soothing relief—first a gentle glow, then a delightful sense of coolness.

And best of all, no blisters like the old-fashioned mustard plaster used to make.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

25c and 50c jars; hospital size \$2.50

MUSTEROLE

ARMY MEN PRAISE GEHLHAR

Mr. Gehlhar, the republican candidate for district attorney, has been attacked by his political opponents on his military record.

The following is what the chief mustering officer, who was at Clackamas, Oregon, has written concerning Mr. Gehlhar's efficiency:

"Efficiency as judged: (a) By condition of command: very good.

(b) By condition of equipment: very good.

Control of men: (a) In a disciplinary way: very good.

(b) As a tactical leader: very good.

Fitness for present rank: qualified.

General estimate: An excellent company commander.

Gilbert's Estimate of Gehlhar

The chaplain of the Third Oregon infantry writes as follows:

Wm. S. Gilbert, Chaplain, Third Oregon Infantry.

Clackamas, Or., Sep. 20, 1916

From various items appearing in the press since the return of the regiment from the Mexican border and especially in connection with the taking of the federal oath, it has occurred to me that a wrong impression might be in the minds of some regarding Captain Max H. Gehlhar of company M. Therefore I desire herewith to express what I believe to be the sentiment of the officers and men of the regiment regarding Captain Gehlhar.

Captain Gehlhar has been a most faithful and efficient officer. He has been scrupulously honest, and entirely devoted to his company. He has been untiring in his efforts in training and leading the men of his command. He has unwaveringly conducted himself as a man of fine sentiments and of high moral standards. In so large a company of 142 soldiers, most of whom are professional and business men and all of whom at personal sacrifice were in the military service, many difficult situations would arise; and in considering the taking of the federal oath there would be many dissenting opinions. In all these trying matters Captain Gehlhar has been conspicuous of his tremendous responsibility. He is deserving of the high respect and genuine gratitude of every man of his company and of the people of the community in which he resides.

(Signed) Wm. S. Gilbert, Chaplain 3rd Ore. Inf.

A bridge across the Willamette river is soon to be built and many tedious and technical legal documents will have to be prepared in connection with this matter. Mr. Gehlhar's opponents claim that he is not competent to do this work. It so happens that Mr. Gehlhar has already prepared all of the papers in connection with this large undertaking and the papers were submitted by the county courts of Marion and Polk counties to the best attorneys in these two counties and the procedure, as prepared by Mr. Gehlhar, was approved by these attorneys without change.

These attacks have been made against Mr. Gehlhar by his political opponents in an effort to elect themselves and defeat him. It is doubtful, however, if many people have given these adverse reports very much weight but all are entitled to know the truth, and these letters have been published in order that the truth might be known. (Paid adv.)

Public Library

Lecture Course

The program for the public library lecture course is now completed for the year and is an exceptionally good one.

Some of the best grand opera singers in the world will be heard in the records and in connection with each concert the story of the opera will be told. The library each year has this lecture course for the people of Salem.

It has been very much appreciated in the past and with such an attractive program for this year should be one of the most popular courses in Salem.

The lectures will be held in the auditorium of the library on the second and fourth Fridays of each month from November to April inclusive at eight o'clock. The first number will be the grand opera Il Trovatore next Friday evening and Dr. Frank Wilbur Chase will tell the story. The entire program follows:

Nov. 10, Opera, Il Trovatore, story told by Dr. Frank Wilbur Chase.

Nov. 24, Health Insurance, Dr. Edwin Clyde Robbins.

Dec. 8, Opera, Rigoletto, story told

INCREASE IN PRICES CALLED SUSPICIOUS

Some of the "Operators" May Get In Clutches of Uncle Sam

Washington, Nov. 6.—District attorneys throughout the United States today tightened the official nation-wide investigation of food prices announced yesterday by Attorney General Gregory.

Sufficient evidence has been accumulated already by district attorneys and department of justice investigators to warrant the declaration that the present increase in the necessities of life is "abnormal and suspicious."

In an official statement the attorney general today declared this to be true.

"Wherever such increase is found to be due to conspiracy or other unlawful action," he said, "the department will invoke against the offenders the severest penalties which the law provides."

Bread, milk and coal increases, it was said at the department, are the three principal objective points of the investigation. Rise in these commodities—absolute necessities of life—it was pointed out, strike right to the economic heart of the nation.

If indictments were obtained in any of these lines it would have a whole-some effect on the producers in general, it is believed.

Particularly in the coal situation to department officials feel that they will be able to make out a good case. Facts have been uncovered, they report, which indicate a conspiracy by coal operators and the railroads to force up the price of fuel. Federal investigators are said to be unwilling to accept the railroads excuse of insufficient cars to handle the coal as explaining the shortage.

FAMILY CARES

This Information May Be of Value to Many Mothers in Salem

When there is added to the many care inseparable from the rearing of children that affliction of weakness of the kidneys and auxiliary organs, the mother's lot is far from a happy one. This condition has often been corrected by the use of Doan's Kidney Pills. When relief comes the mother's burden will be lighter and her home happier.

Mrs. S. E. Lewis, 1157 Commercial St., Salem, says: "I couldn't recommend anything equal to Doan's Kidney Pills for children who are subject to kidney trouble. Since giving them to my little girl, her kidneys act more regularly and the trouble is gradually being overcome each day. I feel confident that before long they will make a permanent cure."

Write to all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lewis recommends. Post-Milburn Co., Props., Buffalo, N. Y.

McMinnville College

Raises Endowment

McMinnville, Or., Nov. 6.—McMinnville college has succeeded in raising its \$300,000 endowment fund. The campaign was started two years ago, and closed at midnight Tuesday, when the old college bell for 15 minutes tolled its note of victory. Wednesday was a holiday at the college and students and faculty alike gave themselves over to general rejoicing. A huge bonfire was one feature of the celebration. Dr. Haynes, who conducted the campaign, sharing with President Riley the honors of the occasion.

Up until the last hour of the campaign letters and telegrams brought pledges for the fund.

A wider field of college activities is now promised.

Mexican Cotton Is Forbidden Entry

Calxico, Cal., Nov. 6.—Customs officials today stopped all importation of Mexican cotton and cotton seed except that grown in the Imperial Valley of Lower California, Mexico, it was learned here today, following the receipt of a telegram from C. L. Marlett, chairman of the federal horticultural board at Washington.

The Mexican cotton is infected with a pink boll worm and the measure was taken to prevent spread of the disastrous pest in California's cotton fields.

The boll worm was first discovered in cotton from the Laguna district of Mexico.

Tong War Settled

By Big Four Leaders

San Francisco, Nov. 6.—The tong war scheduled to start in the Chinatown sections of San Francisco and Oakland today was averted late this afternoon when the head men of the four organizations involved worked out a settlement.

The settlement is said to include a cancellation of the Suey Sing demand upon a member, Mrs. Wong Yew, for \$2,000 under threat of death because she charged the Suey Sings a rbed her gambling resorts in Oakland and demanded that the robbers be turned over to American authorities.

CANNOT RECOGNIZE POLAND

Washington, Nov. 6.—The United States cannot recognize Poland as an independent power before the conclusion of peace, it was stated at the state department today. Regardless of the reported action of the central powers in proclaiming Poland an independent kingdom, her status, from the standpoint of the United States, is still "captured territory" and her future position must be settled by the peace negotiations.

LATE HOP NOTES

Felix Isaacson bought another Clackamas county lot of hops Saturday for the Wolf Hop company. It was the Chas Gehlrich crop of 69 bales, at 19 cents.

Henry L. Bents has taken in two carloads of contract hops, and is making every effort to ship them to the Hopmere and East Butteville stations, but is having difficulty in securing cars.

The Wolf Hop company shipped 196 bales of hops Tuesday to the Anheuser Busch brewery, St. Louis. The same firm, through Felix Isaacson bought 19 bales from G. L. Gottwald, at 10 cents, Monday.

Among the hop sales of the past week were the following: The Ernest Hofer lot at Champcoog, 18 bales to Henry L. Bents at 10 1/4 cents and the Ray Fish lot of 69 bales to Felix Isaacson for the Wolf Hop company, at 11 cents.

An officer of the Oregon Social Hygiene society has submitted a report declaring that moral conditions in the big hop yards of the state showed a marked improvement this season over former years. The report was based on an investigation of one of the largest of the many yards he visited.

By stipulation of attorneys for both sides the hop crop of Gust Schulz, which was recently levied on by the sheriff to satisfy a claim of \$192.25 held against him by Villa Hofer, was released Friday, by dissolution of the writ of attachment. Another writ was issued for attachment of real and personal property of Schulz to the amount of the claim.

The Hop Growers' association has filed a suit against O. J. Moe alleging that the association had a contract for his crop in 1915, 1916 and 1917, at 11, 9 and 8 cents a pound for choice, prime, medium and common hops, that the 16,000 pounds raised in 1916 were worth on October 23, 12, 12 and 11 cents. The association alleges that Moe failed to deliver on demand, and asks for judgment for the advance price and commission, amounting to \$400 in all.—Aurora Observer.

Steel Still Climbs

in Million Share Day

New York, Nov. 6.—United States Steel common jumped three points to the new high record of 123 1/8 in a million share day of bullish activity on the stock exchange today.

Cruelty and American Locomotive were strong and there was activity and strength in rails.

The strong opening on the eve of the national election followed several days of irregular shifting of prices.
